South Bank Colleges, comprising Lambeth College and London South Bank Technical College was judged as 'GOOD' in its last Ofsted inspection.

Our colleges offer a wide range of high-quality, professional and technical courses that open doors to future career opportunities in a vast array of sectors.

Most of all we help students to become qualified, work-ready and motivated professionals with the skills and confidence needed to participate in today's competitive job market.

Our standards are high, with the vast majority of our students going into work, higher education or training. You can expect an excellent experience in terms of teaching, learning, industry links, facilities and study resources. You will be encouraged to take responsibility for your own work and manage your deadlines, to develop independent thinking and learning skills and to work with others to complete activities within your chosen programme of study.

Whether success on your chosen programme will take you directly into employment or to your chosen university, we are committed to helping you develop the skills to succeed in life.

We look forward to you joining us soon.

What makes London South Bank Technical College special?

Our new innovative, flagship technical college transforms how we all learn, work, and develop our careers.

Based at our revolutionary Nine Elms campus we offer a stimulating vocational and technical curriculum in a state-of-the-art workplace environment. Our brand new technical college delivers an immersive work-based education and learning across key STEAM areas.

Our approach is unique:

- Hands-on learning
- Tech-forward labs, industry-led masterclasses
- Contemporary digital spaces
- Your friends become co-workers
- Live team-based projects
- Practical skills to use in a real workplace
- Brings together students, apprentices, employers, industry experts and teachers to shape the curriculum

We also offer degree-ready Level 3 and 4 courses that, on successful completion, will fast-track you straight on to Degree programmes and Apprenticeships at our partner university, London South Bank University (LSBU).

What does this mean for you?

16 – 18 years old

- Straight from school, direct into forward-thinking courses
- New courses to inspire and set you above the rest
- Careers and course advice before you apply
- Financial support through bursaries*
- Pathways direct to university degree programmes and degree apprenticeships at London South Bank University (LSBU)
- Be part of a vibrant and diverse student community
- Support into work and apprenticeships

Adults 19+

- Get degree and career ready with one-year Access courses
- Brand new Level 4 courses leading to degree programmes and degree apprenticeships
- Fast track to year 2 of degree programme at LSBU
- Continuing Professional Development (CPD) opportunities across leading industry sectors
- Support to develop your skills for career advancement
- Support to change your career path
- Flexible learning options
- Free courses*

*Subject to eligibility

Access – Get Degree Ready

Our tailor made, Level 3 one-year, Access courses map directly to degree courses at LSBU. If you are looking for clear path to any university then these are the perfect option.

If you don't quite have what you need to start at Level 3 then why not apply for a Pre-Access course to start you on the right path.

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T Levels are equivalent to A Levels and prepare students aged 16 to 18 to progress into skilled employment, an apprenticeship or higher education. The courses are designed to offer knowledge-based learning and on-the-job experience through an industry placement of 45 days (315 hours).

T Level students will spend 80% of the course in their learning environment, gaining the skills that employers need. The other 20% in a meaningful industry placement, where they put these skills into action.

T Levels will provide a mixture of:

- Knowledge based learning and practical skills specific to chosen industry or occupation
- An industry placement of at least 45 days (315 hours) in chosen industry or occupation
- Relevant digital skills as well as Maths and English
- Common workplace skills

**BRAND

Essential Skills

English, Maths, Digital Skills, ESOL, Employability and Online Learning

Full and Part-time English for Speakers of Other Languages (ESOL) courses

Learning English will improve your communication skills and can help you to gain work or progress to further study. Our ESOL courses will improve your knowledge and skills in reading, writing, speaking, grammar, vocabulary and listening. It also includes maths and employability skills.

There are five different levels of study, to make sure you start learning at the level that's right for you. There is also the opportunity to study alongside your ESOL Course to expand your skills. Pathways available are:

- Entry 3 Award ESOL for Health & Social Care
- Entry 3 Award ESOL for Construction
- Entry 3 Award ESOL for IT & Digital Skills

We also have a course to help you prepare for your IELTS exam. Please contact us on 020 7501 5000.

ESOL - English for Speakers of Other Languages
