

CAREER NEWSLETTER FOR PARENTS

Lambeth College Careers Service

The Lambeth College Careers service supports current students with career development advice and guidance. We consistently encourage students to use the career service as we know how important it is for your son/daughter/the person you are caring for to start planning their career early. To help them make informed choices, we provide independent, impartial, up to date and relevant career education, information, advice and guidance. By accessing the service, students have the opportunity to gain self – awareness, including interests, career values, motivations and career goals. Information on a wide range of progression options is also provided through a programme of career activities and events. Areas of support include Career Management, Progression Routes, Higher Education/UCAS and Apprenticeships, Job Search Skills, CV writing, Interview Preparation, Enterprise and Business Start-up.

EY Our Future programme –Success story

Congratulations to Mitchelle Tudzie from Health and Social Care for having started the Ernst Young Our Future programme. As part of the programme, Mitchelle will complete a three week paid work placement at CareTech, meet employers and mentors, learn about CV and interview skills, marketing and branding, and other valuable employment-based skills. Mitchelle has also started a Chartered Management Institute Level 2 adult qualification in Team Leading.

For more information on the Our Future programme and find out eligibility criteria, please contact Stefania Caria at scaria@lambethcollege.ac.uk or 020 7501 5164.

Career Ready Graduation 2019

A huge well-done to our Career Ready learners who graduated from the Career Ready programme last Friday 1st March. The event was organised by Career Ready and hosted by Freshfield Bruckaus Deringer. It was absolutely fantastic to see how much students have progressed over the last two years. Career Ready is one of the college flagship programmes, which offers Level 3 Year 1 learners the opportunity to have a mentor, attend masterclasses, workplace visits and complete a six week paid summer internships at prestigious companies. Some of our supporters include BP, CME group, Guy & St Thomas hospital, ADS (Aerospace Defence and Security) Group and many more.

For more information, please contact Stefania Caria at scaria@lambethcollege.ac.uk or 020 7501 5164

If you would like to receive a career newsletter including career news and opportunities, please send your contact details to Stefania Caria at scaria@lambethcollege.ac.uk or sign up today at the Parents Evening welcome desk.
